

Dear Parents,

Sanskriti School, Chanakyapuri , in collaboration with Envision India' Eduservices, is conducting Career Guidance Program for class X, 2017-18. As a part of this program Aptitude Testing has been scheduled on 27<sup>th</sup> September , 2017 in the school premises. His is compulsory for all the students. The details of Career Guidance Program are given below.

### ABOUT 'EXPLORE'-CAREER GUIDANCE PROGRAM

*'Explore'-Career Guidance program by 'Envision India' Eduservices is designed to orientate students towards the world of work. Relevant information to the students at the right time of the development cycle helps them move from crystallization of career choices to specification and implementation. The aim of our career guidance program is to guide students on choice of subjects and suitable career choices 'Explore' also provides opportunity for assessment of aptitude and interests through Psychometric testing. Relating one's aptitude and interests to choice of subjects can help one carve out his/her career path.*

#### Objectives of the program:

- To introduce the students to the world of work through an **Orientation session**
- To introduce them to the concept of Career development and maturity
- To help them understand the importance of setting Educational and Career goals
- To help them relate occupational choice with Interest, Aptitude and Personal style and provide an overview of the importance of each for success in any field
- To reflect on factors affecting choice of streams and how to make get the right fit
- To provide an overview of common careers in different streams and scope
- To analyze career trends with a national as well as a global perspective
- To introduce them to goal setting and the importance of working the plan
- To encourage clarification of doubts through intensive interactive session
- Analysis of aptitude and interest through **Psychometric Testing** and provide options to help make the correct choice
- To provide opportunity for **One to one counseling sessions** to facilitate choice of careers and decision making
- To facilitate face to face interaction of students with prestigious Indian and foreign universities through **Career fair**

### **About psychometric tests**

The tool used by 'Envision India' Eduservices for measuring the **aptitude/abilities** of a student is a standardized test which measures and assesses the abilities along eight different domains. The abilities are quantified and analyzed. The scores are interpreted and represented graphically to present a self-explanatory picture of individual abilities.

**Interest** is assessed using a standardized inventory that brings out the interest along eight different areas. This reveals the main interest areas of the individual which if pursued are likely to lead to success.

A **comprehensive profile** developed through these tests is the highlight of our career guidance program. **One to one counseling sessions with students and parents** help in correct understanding and interpretation of these results. Relevant career information can help student carve his/her own career path.
