

JUNIOR SCHOOL

LITERARY DAYS

19TH & 20TH APRIL

He who loves reading, has everything within his reach.

Across the Junior School one could see young children immersed in various activities planned for them. We saw grandmothers lovingly telling stories and teachers enacting stories, much to the joy of the students. Children enjoyed creating their own stories, dressing up as their favourite character and enacting scenes from stories. We also witnessed enthusiastic participation in Quiz and Spell Bee competitions. Children made their own stories books, designed book covers, wrote reviews and made book marks and cut outs of the characters from the stories.

The two days showcased the fact that the love for books is very much evident in this young generation.

A book is a gift you can open again and again!
