

## **Junior school celebrated “Math Day”**

"To every problem there's a solution "....is the motto of the math department. And on 5th of May the junior school celebrated the Math Day with interesting activities planned for grade 3,4 & 5. The grade 5 children made posters with an objective using geometrical shapes. The central courtyard was resplendent with the class 4 inter house Rangoli making competition using geometrical shapes and grade 3 designed innovative cards using geometrical patterns.
