

NURSERY ORIENTATION 2018-19

Sanskriti School organised the Nursery orientation programme on 23rd March 2018, in the school auditorium. The venue buzzed with enthusiastic parents as they were warmly welcomed by the faculty.

After a crisp introduction of the faculty, the principal Mrs. Richa Sharma Agnihotri addressed the parents and shared the vision of the school to them. She emphasised the need of enjoying these wonder years of our children by spending quality time with them and suggested useful parenting tips.

Parents were then invited for some refreshments after which they had an opportunity to interact with their child's teachers in their respective classrooms.

We look forward to a meaningful partnership to ensure a fun filled year of learning together.
