

Parents Day Out

*“Together we can give our children
the roots to grow and the wings to fly”*

The nursery team warmly welcomed parents of our tiny tots for the Parent's day out event organised in the nursery courtyard from the 2nd May – 4th May 2017.

Both parents and children were guided to the classroom for an informal interaction with the teachers. Thereafter they moved to the courtyard where they were greeted by the Junior School Head, Mrs. Suruchi Lal. The programme began with a questionnaire round which helped the parents to get to know each other, followed by nursery rhymes and song enactment by the parents using different props, ending with parents dancing to the tune of Boogie Woogie.

The fun filled event culminated with serving of refreshments. Our little ones trotted off to their homes with their parents after spending an enjoyable morning at school.
