

Visit to Rail Museum

The little ones of Prep boarded buses with great excitement on 8th March 2018, to visit the Rail Museum. On arrival the children were taken for an enjoyable joyride in the toy train. They were then ushered inside the Museum gallery where they displayed a great deal of inquisitiveness, learning about the history of Indian railways and simultaneously witnessing various types of railway coaches and train engines. Our fun filled outing came to an end with an equally joyful ride back to school.
