

Growing Up- Class 5

The 'senior most' class in Junior school- Class 5 students attended a 'Growing Up'' workshop conducted by our school counsellors -Ms Minu Arora, Ms Vandana Nangia and Ms Astha Gupta.

The girls and boys attended different sessions and spoke about all issues relevant to this age group like- our body and how it changes as we grow up, Good Touch – Bad Touch, puberty etc. It was an interactive workshop and the children took part in certain activities and shared their experiences and concerns openly without any reservations.
