AN IMPORTANT NOTE:

Dear parents

In view of the prevailing health situation in the country and resultant closure of schools, it is imperative that our children are kept abreast with the school curriculum.

The school has endeavoured to make this possible for their students through Google classrooms. As a parent, it is requested that you make your child go through and understand all the study material being uploaded.

We as teachers look forward to your support in helping our children keep up with their academic work. To make our learning an enriching experience, we seek your cooperation and support.
