Re: Student Exchange to 7Hills School, Cincinnati, USA.

Dear Parents,

Sanskriti School constantly endeavours to provide opportunities to its students to have varied educational experiences. In the last two years, we have had faculty exchanges with 7 Hills School, Cincinnati, USA. Our grade 8 students have also collaborated with 7 Hills students on an Art Project and are now set to work on a French project together.

We are now delighted to inform you that the two schools are looking to strengthen their ties by engaging in a student exchange programme in the Academic session 2015-16. The exchange is open to students who are currently studying in Grade 7.

The first part of the programme will take place in mid-May, 2015 with 7 of our students going to Cincinnati, USA accompanied by Ms Deepti Grover of our school. The second part of the programme will be in July-August 2015, with the American students, accompanied by their teachers coming to Delhi.

Going by our experience, this exchange programme would go a long way in promoting cultural relations between the two countries, and will provide invaluable exposure to our students as they live with the Americans. During the exchange our students will attend school and visit places interest in Cincinnati.

Students who are interested in participating in the 2015 Exchange Programme need to fill the attached form and return it to Ms Kavita Soota by 20 November 2014. Shortlisting of students will be based on their responses to the questions, as enumerated in the form enclosed and feedback from teachers along with their performance in academic and co-curricular activities. Preference will be given to students who are studying the Sanskrit language. Selected students would be required to submit a formal application form. They will be given all the details of the programme in an orientation capsule which will be held closer to the exchange programme.

The approximate cost of the exchange will be ticket+visa charges +Rs.60,000 (contingency money for hosting the American students when they come to India).

With regards,

Abha Sahgal

Principal
