Re: Contributions to an Corpus Fund of Sanskriti School/The Civil Services Society

Dear Well-wishers,

Sanskriti School under the aegis of the Civil Services Society was established in 1998 to cater to the wards of Civil Servants who are posted to Delhi on transfer. Over the years the School has grown due to the initiatives of the Management, the hard work of the faculty, and the support we get from well-wishers like you. Whilst our reputation has grown, our social responsibilities have also increased.

In 2004 the School started admitting students from economically marginalized background under the directive of the Govt. of NCT of Delhi. In 2009, with the implementation of the Right to Free and Compulsory Education (RTE) Act, Sanskriti School started admitting 25% students from socially and economically marginalized backgrounds. Over the years the number of students being supported by the School in terms of fee waiver, provision of books, uniforms, and other sundry expenditure has been increasing and will continue to rise. We also provide ‘Fast-track’ - support classes to these students so that they get the academic help and support that they do not get at home. Further, this year, The School sponsored marginalized students for an exchange programme to Germany. In this manner we are going well beyond the mandate of the RTE Act.

With every passing year, Sanskriti strives to become an even more inclusive school – providing equitable learning experiences to all its learners. However to achieve this objective there is a growing expenditure that needs to be incurred. For the school to be able to meet the objectives of being equitable, the school has established an Corpus Fund.

We would request you to contribute to the Fund. It may be noted that Donor/Contributor can avail benefits/deduction available under section 80-G of Income Tax Act for the voluntary contribution as made to the Fund. This contribution may also be covered under CSR initiatives of a corporate Donor/Contributor in accordance with the provisions of section 135 of Companies Act, 2013.

We look forward to your help in making the Corpus Fund a reality so that Sanskriti is able to implement the Society’s constitutional mandate/objectives in both letter and spirit. In case you have any queries or wish to deposit cheques favoring ‘SANSKRITI SCHOOL CORPUS FUND’, please feel free to contact Mr. Joseph the Accounts department of the School (Phone No. 011-2688335/6/7/8 Ext. No. – 301).

With regards,

Yours truly,

(Abha Sahgal)
Principal
