

An overnight outstation trip to Agra was organized for our Learning Centre students on 7th and 8th of November. The goal behind this trip was to impart hands-on knowledge and first-hand experience of day-to-day skills: bonding closely with teachers and friends, gaining a spirit of independence and enhancing self-confidence in a vibrant social setting.

A total of 13 children went on this trip on the 7th and 8th of November and were accompanied by officiating HOD Ms Sujatha Ravi along with Ms Charlotte Thomas and Ms Navneet Saluja.

The first few hours of the bus ride provided a sense of excitement and anticipation as most of these kids were travelling outside the city accompanied not by their usual guardians/parents but by their peers this time. The children thoroughly enjoyed the drive that was filled with fun , music , dancing and *antakshri*.

The children had a comfortable stay at Clarks Shiraz and the sensitivity and of the resort staff was excellent. The tonga ride to Taj Mahal turned out to be the highlight of the trip. The trip was made especially memorable thanks to the hospitality and support extended to the children by the excellent team of Pinewood Trails.

A feeling of joy and adventure was prevalent throughout the trip. The expressions on the faces of each of our students truly reflected the fun they had . Overall, a trip to remember for both the children and teachers alike.
