

## “Every child is an artist”

~Picasso

Using art as a vehicle for expression is enriching because children use it as a tool to communicate. Artistic activities help promote visual, motor and social development.

Creative art expands a child’s ability to interact with the worlds around them and provides them with a new set of skills for self expression and communication.

Keeping this in mind the Junior school is celebrating Art days on **14<sup>th</sup> and 15<sup>th</sup> November 2019**. Numerous fun filled activities have been planned to enthuse the young artists to help hone their artistic skills
