

Grandparents Day

Grade One

“Nobody can do what Grandparents do for little children, they sprinkle Stardust over the lives of little children”

Grade 1 celebrated Grandparents Day on 14th and 15th of May 2019. The programme was held in the Junior school courtyard. The Grandparents were welcomed by our Principal, Mrs. Richa Sharma Agnihotri and she introduced the Class teachers of each section respectively. The children sang a lovely song for the Grandparents telling them how much they are loved each and every day. This was followed by an enactment which was enjoyed by everyone as the little ones of grade one dressed up like their Grandparents narrated anecdotes from their childhood and danced to melodious old numbers. After this the Grandparents joined the children on the dance floor and danced happily with their grandchildren. They were served refreshments after which they visited the classrooms and were handed over beautiful little marble painted pots with a tiny plant as a gift to be carried home. The kids went off home with a smile on their faces with their dear grandparents.
