

Sanskriti School  
Dr. S. Radhakrishnan Marg  
Chanakya Puri, New Delhi – 110 021

July 16, 2018

Dear Parents,

To rekindle the scientific temper amongst the students, Sanskriti school has scheduled 'Science and Environment Days' from 18<sup>th</sup> to 19<sup>th</sup> July 2018.

The activities done during this time provide an opportunity to the students to develop an inquiring mind and to apply the concepts they learn in Science. A number of related inter house and inter class activities will be conducted. These activities will be across the Junior school from "Nursery to V". To reinforce this, the value of the month is "Caring for the Environment".

As education is a partnership between students, parents and the school we request you to talk to your wards about environmental issues and to encourage them to participate in all the activities. A book fair by Scholastic will also be held in the Junior School Courtyard to increase awareness.

बच्चों में विज्ञान की तरफ उत्साह जगाने के लिए 18 से 19 जुलाई 2018 के बीच 'साइंस व एनवार्यन्मेंट डेज़' मनाए जाएँगे।

इस दौरान बच्चे साइंस की किताबों में पढ़ी बातें असल जिंदगी में उपयोग करेंगे। नई बातें भी सीखेंगे तथा स्कूल में 'बुक फेयर' भी लगेगा। हर क्लास में तरह तरह की एक्टीविटीज़ भी होंगी। इनकी जानकारी पीछे दी गई है।

With kind regards,

Yours sincerely,

*Richa*

<b>Class</b>	<b>Activity</b>
<b>Nursery</b>	Fun Experiments : wonderful world of science
	Magnets : magic of magnets
	Floating and Sinking objects fun experiment with water
	Heavy and light with beam balance
	Experiments on properties of Air
	Enactment : by teachers on Recycling, saving the planet Earth
<b>Prep</b>	Science : world of magical Sojourn
	Let's grow together : Germination of seed by each child in their class
	Balloon World : Experiment on Air in each class
	Life saver – water experiments
	Combined experiments on air and water done with the whole class
	Fun with magnets
<b>I</b>	Fun with Magnets
	Properties of Air
<b>II</b>	Dancing planets: Rotation and revolution activity
	Amazing balloons : Simple science experiments with balloons
	Science of volcanoes
<b>III</b>	I too can be a scientist (individual)
	Germination of seed (individual)
<b>IV</b>	Best out of Waste (individual activity, on 18 <sup>th</sup> July)
	Healthy Eating : To prepare a healthy snack in the class which is a part of a Balanced Diet and includes all 5 food groups (house activity on 19 <sup>th</sup> July)
<b>V</b>	A walk of the school garden with the school gardener
	Collage making – ‘Change in the climatic pattern- A result of global warming.’
